Special to the Indianapolis Journal. KANSAS CITY, Sept. 13.-It was simply an off day for Indianapolis and the Kansas City's time to be in the best trim. The first game of the series afforded an easy victory for the locals by a score of 13 to 0 It was probably the best all-around game that the home team has played during the local season. Grady's home run over the left-field fence in the second inning gave the locals a clew to Suthoff's curves, and from that on the Kansas City men bunched hits on the Indianapolis twirler freely, making seventeen in all. Just twice the visitors got a man as far as third, but never nateriallized. The locals put up a remarkable game in the field, and McDonald was at his best, keeping the Watkins team down to six scattered hits.

The visitors were not weak in any particular spot outside the box, but after few disappointing innings they did not put the snap and vim into their play that has characterized their work in previous games here. President Watkins, sitting n the bench, realized that the game was ost after the disastrous fifth inning, and d not wish to use up another pitcher by eving Suthoff. The visiting twirler had iderful control and speed, but his slants lacked deceptiveness. Three double plays marked the game, two being pulled off by the locals and the visitors putting in some quick work. Nance, who was brought in from center field, was the star of the game n fielding. In the fourth inning, after Hogriever had singled, Fox dropped one over second base. Nance made a sharp sprint and, catching the ball with one hand within a few inches of the ground, wheeled and whipped it to first, completing a double play on Hogriever, who thought the hit was going safe. Since Louisville lost the story from Kansas City is not quite so pathetic. But think how the Hoosiers could have gained several points by bagging yesterday's game! Sutt-

hoff received enough bumps to make a phrenologist take to the marshes. The unlucky thirteen figured extensively in the game. It was the 13th day of the month and the score was 13 to 0. Kihm had thirteen put-outs and the Indianapolis team had thirteen assists. Kansas City was at bat just three times thirteen, and the fractional parts of that number appeared many times in the score and summary.

It is said that Manager Strobel stands ready to get out of baseball in Toledo if he can dispose of his holdings at what he considers a reasonable figure. Stobel wants \$10,000 for his American Association fran- sistent manner that earned international chise, lease and contracts. He franchise alone is worth money. A stock company \$25,000 capital will probably be organized to secure control of the club. George Tebeau, of the Louisville Club. wants \$3,000 worth of the stock in case such a company is formed. Toledo should be a good paying city with a winning club. A secret meeting of the American Association was held in Milwaukee last Thursday evening and Tebeau, Watkins, Have-

nor and a representative of the Columbus club were present. It is understood there will be a change in the officials of the association, but nothing was given out. It is known that there is a feeling in certain quarters against one of the high officers. and the change may be made this fall. The truth of the matter seems to be that one certain officer of the association is in-capable of performing the duties his office calls for and a new man may be selected. President Hickey was at the meeting, but left huriedly for Chicago. It is also very probable that the protested game between Indianapolis and Louisville was discussed at the meeting. Indianapolis fans are anxious to know the decision.

UNCONFIRMED RUMOR

Murderer Lynched. NEWAYGO, Mich., Sept. 13 .- E. O. Shaw. publisher of the Newaygo Republican, says it is rumored that while a gang of threshers was at work on a farm in Otia, this county, the band cutter accidentally cut the feeder's hand and that the feeder instantly grabbed the cutter, a boy, and threw him into the machine and that he was ground to pieces. The gang immediately stopped the machine, and, seizing the murderer, fastened a rope around his neck and hanged him on the spot. Mr. Shaw could give no names and says he has made every effort to verify the rumor but cannot. He doubts the veracity of it.

OTTAWA, Ont., Sept. 13.-The Palma trophy was won to-day on the Rockliffe rifle range by the British team by a score of 12 points over the Americans and 86 points over the Canadians. The shooting at the last two stages was very close. At the 800 yards it seemed to be certain that the Americans would capture it, being 22 points ahead of the British, but at 900 yards the British overtook the Americans and secured a lead of 12 points. At the 1,000-yard range the British and Americans made equal

The British team had the advantage of being familiar with the range, having been firing away steadily for the past four weeks. The United States teams were also firing under very different atmospheric conditions than they were accustomed to at Seagirt. However, no complaint was heard and Gen. Spencer, the commandant of the American team, complimented the officers of the Dominion Rifle Association on the arrangements for the match. The medal for the highest individual

score was won by Lieutenant Holcomb, of the American team. Lord Minto, Governor General of Canada, was present at the luncheon given by the officers of the Dominion Rifle Club, where toasts to King Edward and President Roosevelt were proposed and enthusiastically received. HIGH SCHOOL SCHEDULES

Captain Shideler Has Ordered M. T. H. S. Candidates to Practice This Week-I. U. Schedule.

Candidates for positions on the Shortridge and Manual Training High School football teams will begin active training this week. The Shortridge boys did light work last week, but Captain Jack Shideler, of the M. T. H. S. team, did not issue a call for practice before school opens, as he said it is hard to get the players out, and what little work can be done in the week he has found not to be beneficial. Shideler will have his men out for practice this week.

The members of last year's M. T. H. S. team who will be back this year are Jack Shideler, captain; Tad Shideler, George Steele, Bert Hamlet and Frank Bonham. Captain Shideler says he expects to have a large number of candidates from which to select a good team. Among the most promising new candidates are Jason Sanderson, of the Lake View High School, Chicago; Joe Edwards, Fred Hart, Walter Glass, Gene Foley, James Quinn, Russell Fortune, John Warren and - Perkins, The schedules of both high school teams have been prepared and are as follows: -Shortridge.-

Damage Will Not Exceed \$100,000-One Gusher Still Burning.

BEAUMONT, Tex., Sept. 13 .- To-night one large oil gusher is still burning, sendthrough the breaking down of his motor ing a column of flame steadily upward. Efforts made this afternoon to extinguish the flames were not successful, but more boilers have been sent for, and the plan of smothering it with steam will again be tried. The small tank burned itself out this afternoon and the big one probably will die out by morning. Many of the oil companies have lost their

pumping plants and have wired orders for new machinery, and this will be installed to the carriage, which also contained a as soon as possible. An examination leads to the belief that none of the wells has

been permanently injured. There is a new problem to be confronted as soon as the burning gusher is extinguished, and that is the control of the well. The gate valve has been melted off, and while it is probable that this can be re-placed it will be a difficult operation. Estimates of the damage still vary, but there is general acceptance of about \$100,000 as National Steel Company, has donated \$25,000 the figures that will cover the loss. The for the purchase of a site and erection of first fatality of the fire occurred this morning, when B. L. May was killed by falling city.
